

It is with pleasure that I'm penning this letter of advice for PQR in support of her application to pursue a Masters degree at your university. I even have familiar her for the past 3 years in my capability because the senior Prof at ABCs faculty and as her Prof for Project Management. During the course of her studies, she stumbled on as a sincere and untiring student. This was evident from the trouble that she place into her term work assignments. She has been forthcoming with answers to queries raised by Pine Tree State throughout the lecture sessions and that i have found her be to a full of life participant in room discussions. She could be a spirited, modest, and honest student UN agency is well affected and respects her peers and professors alike. She has the flexibility to grasp the conferred ideas terribly quickly and to assume clearly, that not to mention her diligence has helped her to perform systematically well in her University examinations. Her prime grades in lecturers mirror her exceptional intellectual talents. Additionally to the current, she possesses a firm and well rounded information of varied package programming languages like C, C++, Java, HTML, SQL. Apart from lecturers, she was terribly proactive in most of the institutes' activities. She has been a full of life member of the Students' Council for two years – the most student body of our faculty. She was the money handler of the SC 2010-11. She organized and managed TARKASH-our annual technical competition and ZYCUS-the annual cultural competition. I am of the read that she is going to be a worthy student at your honoured university, which can be the perfect place for her to enhance upon her existing skills by following a Masters program. Her pragmatic analysis and acumen can facilitate her accomplish her goals. Hence, I powerfully advocate her to be thought of as a possible candidate for admission into your honoured university with matching assist.
